May Primary Election

While we anticipate the Primary will take place on August 2, pending the upcoming decision by the courts, we are going to do our best to keep costs down by employing a reduced number of Precinct Election Officials. What this means for you is that while we might not need some of you to work in August, we hope you will mark your calendar for the November 8, 2022 General Election. We will need to be fully staffed for this traditionally high turnout election.

It seems like every election recently has been unprecedented. We are hopeful that we will be able to go back to our regularly scheduled elections very soon.

Thanks for persevering with us!

Next Election: August 2022 (Primary Election)*

* There is no set date for the August election yet.
August 2 is a placeholder date.

Election Night Stats

- First precinct back was Lebanon Countryside YMCA at 8:24 p.m.
- Last precinct came back at 9:31 p.m.
- Registered voters who voted in this election: 20.3%

“Even though it was a long day, things went well and [we] even had some fun.”

- David Hare, Christ’s Church

In the last newsletter, we mentioned that we’d be having a contest for PEOs who correctly processed the most voters and the least amount of time processing each voter by location.

Here are those results:

<u>Fastest Operators:</u>	<u>Total Check-Ins</u>	<u>Avg. Check-In Time</u>	<u>Polling Location:</u>
Amy Brown	88	0:54 seconds	Lakeview Church of Christ
Kelly Santini	74	0:53 seconds	Ham. Twp. Admin Building
Gina Wright	70	0:56 seconds	New Freedom Church
Nicole Wise	51	0:56 seconds	Mason Municipal Building

Accuracy when using the ePollbooks is always our highest priority, but we wanted to mention these operators in particular because even though they processed many voters, they still managed to balance at the end of the evening.

“Morgan did a great job! Steven is a great asset to us because he and Swapnil were able to do the heavy lifting for our location, which was greatly appreciated. They were also both great workers and understand the entire process very well. Grace lead the way in getting three full sheets of volunteers for future elections! Diana is my fallback for handling the accounting type things, as I know she is paying attention to detail.

The kids voting was a huge hit! We did have to ask the church to make a few more copies for us since we ran out. [Also] I loved the master list of passwords! Huge help!”

- Lynda Bowman, Southwest Church

A special shoutout and congratulations to Joyce Luecht, who celebrated her 50th election. We loved seeing how her team surprised her.

Thank you for
your service, Joyce!

The crew at King of Kings.

Thank you for all your hard work and dedication!

Crosspoint Church in Franklin, ready to go. Thank you for everything you do!

“We had a great troubleshooter, Arden!”

- Grace Chapel

“Eva and Deb did an exceptional job! Belinda and Rita are wonderful to work with and we hope Colin will stay on as Location Coordinator!”

- Deanna, Voting Location Manager

Warren County residents serve their communities as pollworkers, ensuring that each election is staffed with trained professionals ready to assist them in casting their vote. While we can educate in Ohio's election laws, our election officials also bring respect and dignity for all citizens along with their ballots. This genuine offer comes from the heart of our election officials who are the heart of our office. We truly could not run an election without them, nor would we want to do so. In recognition of their faithful service, today and always, we salute the Poll Workers of Warren County!

- Dee Hudson, Democratic Pollworker Coordinator

Thanks to all who took the time after a long day to neatly stack your ballots and label with the scanner number and rubber band to transport back to the Board on Election Night.

We need the ballots stored by scanner and stacked neatly because we use them in the audit to show how accurate our results are in Warren County. When time isn't taken to straighten them for return, the ballots come back bent and harder to scan.

A Note from Brian and Shari

Thanks for once again rising to the challenge of working the polls. There are a number of reasons we are especially grateful this election, including (but not limited to):

- Thanks to Location Coordinator Heather for producing a kids ballot we used in the polling locations this election. Heather contacted our office and wanted to send something out that could be enjoyed at each location.
- Thanks to Joyce Luecht for serving 50 elections! Her team at Covenant Presbyterian surprised her with a cake (see pics included!). It's commitment like this that we see from so many of you that makes us proud to serve in Warren County.
- Thanks for working together to answer questions for voters confused by the number of withdrawals, the disappearance of offices from the ballot, and selecting a party when they wanted issues only. This wasn't an easy one to explain, was it?
- Thank you for relearning the procedure again with the ePollbooks. We hope you found scanning the ballot stub prevented the wrong ballot going out and made your job easier to not have to record each stub number. We really are trying to make your job as efficient and mistake free as possible.

We are grateful for the ongoing dedication of all of you!

- Brian and Shari
